

### Eastern Western Motor Group Car Deal Warehouse, Newbridge, Edinburgh

CM Steel Buildings were appointed as main contractor to deliver additional MOT and vehicle servicing space to this busy Car Deal Warehouse site in Newbridge, Edinburgh.

The project was constructed around a live site and was fitted out with the top of the range equipment for the Motor Engineers to carry out their duties.

The building was insulated to the highest standards and had welfare facilities within.

The full project was completed in 5 months allowing Car Deal Warehouse to make good use of the this much needed addition space quickly.
