Craigmarloch

Kilsyth

CM were appointed to supply and install full building envelope including access and roller shutter doors for Luddon Construction at their project for Craigmarloch Nurseries, Kilsyth.

CM delivered 720sqm (7,750sqft) of building to allow Craigmarloch to expand operations.

The building was constructed using hot rolled steel frame construction with insulated cladding panels to the roof and an architectural insulated panel to the walls. CM constructed the facility in tandem with Luddon Construction undertaking the foundations, reinforced concrete slab and external hard standing.
